

# COMPACT CONSTRUCTION EQUIPMENT

[www.macallister.com](http://www.macallister.com)

# TOUGH. DURABLE. POWERFUL.

AND YOU CAN ADD TO THAT VERSATILE, SERVICEABLE AND PRODUCTIVE.

## THE FULL LINE OF CAT® COMPACT CONSTRUCTION EQUIPMENT IS AN INDISPENSABLE PARTNER ON ANY WORK SITE.

Class-leading engineering and design and operator interface make them your first choice for any work site project from major construction to backyard make-over. And with a lineup of over 100 attachments, there's little you can't accomplish faster or more efficiently.

### COMPACT TRACK LOADERS

The same versatility and design features of a Cat Skid Steer with a fully suspended steel undercarriage and track drive for sure-footed operation on any terrain.

\* The Cat Hand and Foot Controls option is available for these models.

MODEL	HP	OP CAP (LB)	OP WEIGHT (LB)	LIFT HEIGHT (IN)	WIDTH (IN)	GROUND PRESSURE	AUX GPM STD / HF	AUX PRESSURE STD / HF

\*Available options - Cab, Heat and Air Conditioning, Seat options, XPS High Flow, Counterweights, Ride Control, AMICS

### MINI EXCAVATORS

An extensive line of Cat Mini Hydraulic Excavators offers the performance to dig in and be productive on every job.

- High digging forces and fast cycle times to help you get more done, faster.
- Quiet, spacious cab and smooth ergonomic controls, with integrated auxiliary and swing boom functions keep you comfortable and reduce operator fatigue.
- Pin-Grabber Coupler and quick disconnects enables the operator to change mini excavator attachments quickly.
- Auto idle, auto two-speed and a load sensing variable pump optimize fuel efficiency.
- A compact or standard radius tail swing with a swing or fixed boom option provides a good match to any jobsite.

MODEL	HP	WIDTH (IN)	OP WEIGHT (LB)	DIG DEPTH/REACH (FT)	BUCKET BREAKOUT FORCE (LBF)	HYDRAULIC OUTPUT (PSI)

\*Available options - Cab, Heat, Air Conditioning, Long Stick, Telescopic Undercarriage, Track options

# 866-788-4624

## MULTI TERRAIN LOADERS

Unique rubber track undercarriage delivers low ground pressure so you can work on sensitive surfaces and in soft underfoot conditions. Cat MTLs offer many of the same features and operator comforts as Skid Steers.

\* The Cat Hand and Foot Controls option is available for these models.

MODEL	HP	OP CAP (LB)	OP WEIGHT (LB)	LIFT HEIGHT (IN)	WIDTH (IN)	GROUND PRESSURE	AUX GPM STD / HF	AUX PRESSURE STD / HF
* 257D	73	2,800	8,048	122	66	4.5	20 / 30	3,335/3,335
* 277D	73	3,290	9,293	125	78	3.6	23 / 32	3,335 / 4,061
* 287D	73	4,000	9,929	125	78	3.9	23 / 32	3,335 / 4,061
297D2	98	4,700	10,692	128	76	4.2	23 / 32	3,335 / 4,061
297D2 XHP	110	4,800	10,918	128	76	4.3	23 / 40	3,335 / 4,061

## COMPACT WHEEL LOADERS

Cat Compact Wheel Loaders deliver high performance, versatility and precision in any application.

- Strong breakout forces, fast cycle times and aggressive performance packaged in one compact machine.
- Superior reach, excellent visibility and low effort joystick control let you place material easily and efficiently.
- Spacious cabs with joystick controls keep you comfortable throughout the work day.
- Ride Control option provides an even more comfortable ride and greater material retention over rough terrain.
- Skid steer style or ISO style quick coupler options for increased work tool versatility.

MODEL	HP	FTSTL*	OP WEIGHT (LB)	LIFT HEIGHT (IN)	WIDTH (IN)

914K	97	12,130	17,910	159	88

\*Full Turn Static Tipping Load

## SKID STEER LOADERS

The Cat Skid Steer Loader, and a full line of work tool attachments, is an incredibly versatile compact construction machine. It delivers traditional Cat reliability and productivity in the toughest working conditions.

- Effortless, ergonomic joystick controls and adjustable contoured seat for day-long operator comfort.
- High horsepower and torque at part-throttle for quieter operation and lower fuel consumption.
- Universal attachment coupler.
- Advanced hydraulic system delivers more power and better performance.
- Quick, easy and open routine maintenance access through tilt up cab and swing-away rear door.
- Now offering optional hand and foot style controls on select Cat D-series SSL's, CTL's, and MTL's.

\* The Cat Hand and Foot Controls option is available for these models.

MODEL	HP	OP CAP (LB)	OP WEIGHT (LB)	LIFT HEIGHT (IN)	WIDTH (IN)	AUX GPM STD / HF	AUX PRESSURE STD / HF
